

# BCA -100

FDA for Analyzer

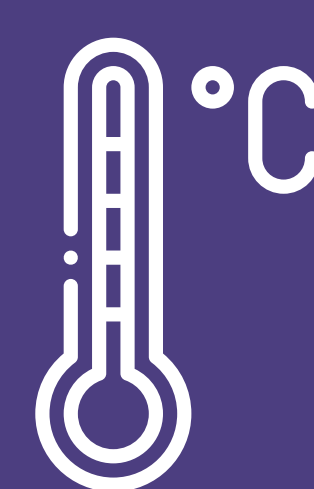

## Benchtop Chemistry Analyzer

Minimal footprint

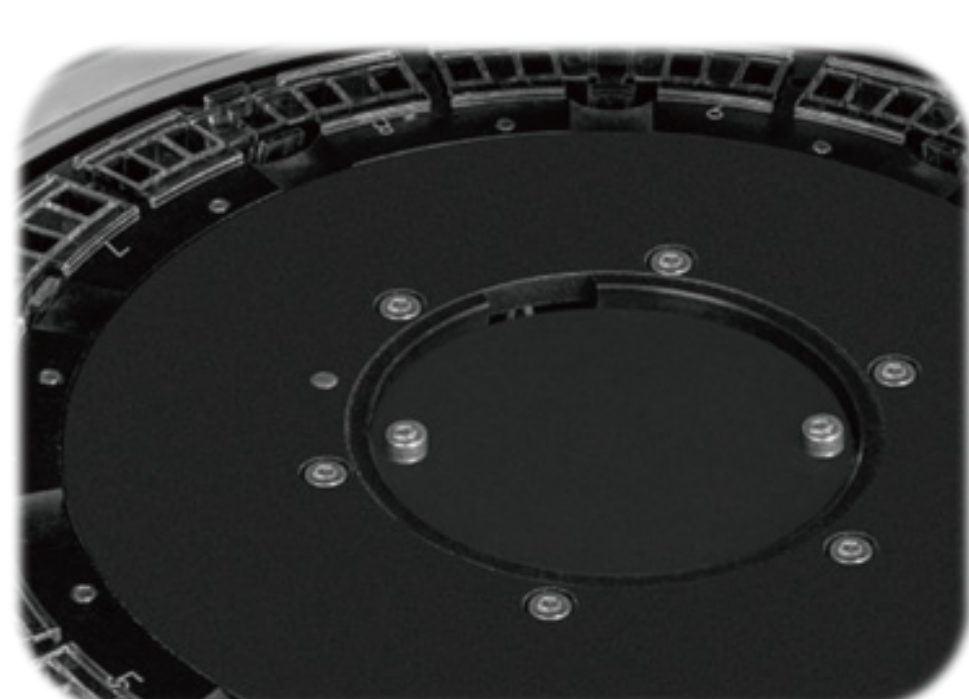

24-hour cooling system

Temperature real-time monitor

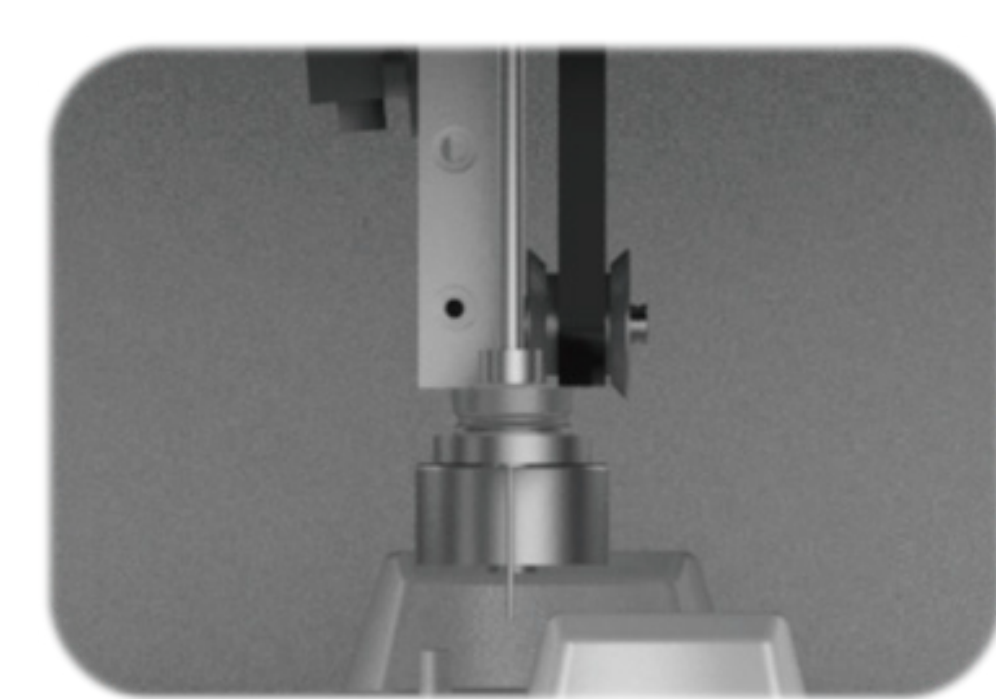

Smart indicator

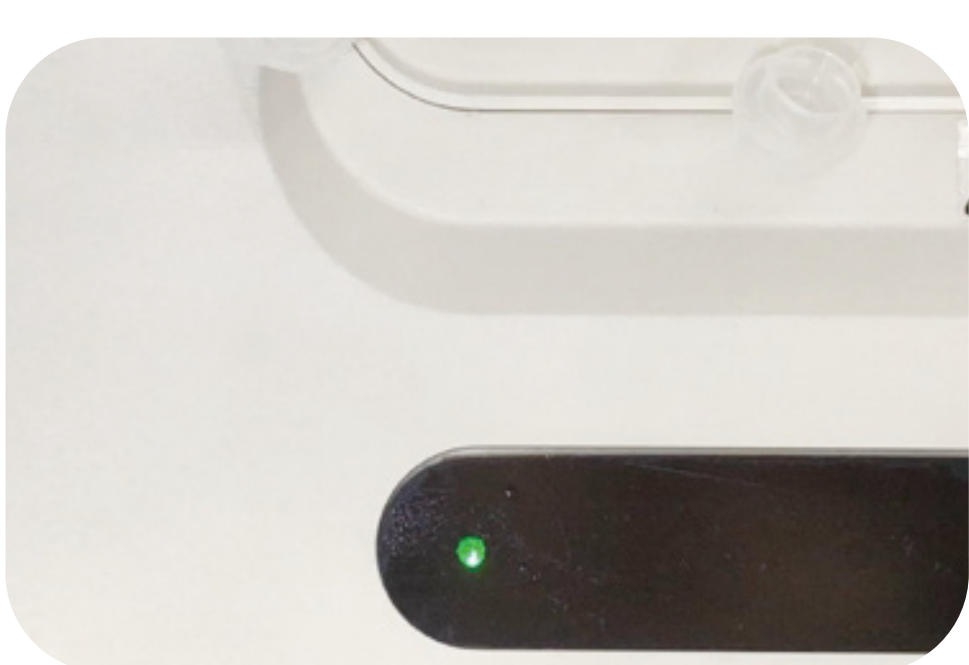

8×10 reaction position  
Temperature real-time monitor

Built-in PC with touch screen  
user-friendly interface

Automatic sampling probe  
Liquid level detection  
Collision protection

Green smart indicator  
for sample loading

24-hour reagent cooling  
system

QR Code reagent  
auto identification system
